MARSHFIELD'S COVID – 19 TASK FORCE UPDATE

April 20, 2020

**Task Force:** Police, Fire, Board of Health, Board of Selectmen, Emergency Operation Center, Town Administrator, Schools, DPW and Council on Aging.

**To All Marshfield Residents:**

**This update is intended to inform Marshfield residents and visitors that the Massachusetts Department of Public Health is reporting that as of April 20, 2020 there are at least 313 cases of Covid-19. This count includes those identified with the virus AND persons who have been in contact with confirmed COVID-19 cases and who were directed to self-quarantine. The number of confirmed cases in Marshfield is 80.**

**The Town of Marshfield Board of Health, in an effort to be completely transparent to our residents, is reporting a number count not only of confirmed cases but also suspected cases of Covid-19 per the DPH Maven database. This is different from most communities who are publishing only the number of confirmed cases. We feel this approach minimizes the extent of this issue.**

**Daily update BOH**  
**Update on Contact Tracing**

On April 3, the Baker-Polito Administration announced an initiative to mitigate the spread of COVID-19 in Massachusetts through contact tracing. Working with Partners in Health, Massachusetts was the first state in the nation to develop a program to trace individuals who have tested positive for COVID-19 as well as their immediate contacts who may have been exposed to the virus. Through a team of leading medical experts working with the Department of Public Health, this program has already hired 176 employees to do contact tracing by phone, and hundreds of additional staff will be trained and on board in the coming weeks.

**Residents who receive a phone call from the Contact Tracing Collaborative are urged to take the call and provide the relevant information.**

**SCHOOL INFORMATION**

In the spirit of Patriots Day the following Marshfield Businesses and Organizations present another wonderful gesture for our great community, Mike Sousa, Mia Regazza, Polcari's Bridgeway Inn, Food Pantry, Boys & Girls Club and the Molly Fund, These

groups will proudly be serving Kids Grab-n-GO Dinner, Monday, April 20<sup>th</sup> from 4PM-6PM or until the dinners run out. Curbside pickup at the Boys and Girls Club, 37 Proprietors Drive, Marshfield, MA 781-834-2582.

When wearing a mask in public make sure it is made of a solid surface. Cloth face coverings can be fashioned from household items or made at home from common materials at low cost.

**“Cloth face coverings should—**

- Be made of a solid surface such as cotton (not a knit surface)
- fit snugly but comfortably against the side of the face
- be secured with ties or ear loops
- include multiple layers of fabric
- allow for breathing without restriction
- be able to be laundered and machine dried without damage or change to shape

**Fire Department:**

Anyone experiencing symptoms consistent with COVID – 19 such as difficulty breathing or chest pain should call 911 and activate EMS. Other minor symptoms, including a low grade fever, you should call your PCP for recommended treatment. Most cases with minor to moderate symptoms can be safely managed at home without going to the hospital. AS always, with any other medical emergencies, call 911 and activate EMS right away.

**MOST IMPORTANTLY RESIDENTS ARE REMINDED THAT JUST BECAUSE YOU MAY BE EXPERIENCING SYMPTOMS OF COVID-19 VIRUS DOES NOT MEAN THAT YOU NEED TO CALL 911 FOR EMERGENCY ASSISTANCE. EIGHTY PERCENT (80%) OF PERSONS WHO BECOME EXPOSED WILL BE ABLE TO MANAGE THEIR CARE ON THEIR OWN AND BY CONTACTING THEIR MEDICAL PROFESSIONALS.**

**HERE ARE THE BOARD OF HEALTH’S RECOMMENDATIONS FOR MEDICAL CARE:**

Call **911** for **severe** shortness of breath or difficulty breathing. The Massachusetts Department of Health (DPH) says do not wait for the results of a COVI-19 test to call 911.

Call a health care provider for shortness of breath or other serious symptoms. DPH says to continue to self-isolate if symptoms are becoming more severe.

**For people with mild symptoms:**

Early on, symptoms may feel like a common cold, including a combination of cough, body aches, fatigue, and chest tightness.

**People who are not at high risk of severe illness may not need to be evaluated in-person or tested for COVID-19.** Not everyone with symptoms or who may have been exposed to COVID-19 will be tested right away.

If you have mild symptoms including a fever, cough, shortness of breath, or suspect that you were exposed but are not able to be immediately tested, please stay home and avoid contact with others. Isolate yourself until:

- \* You have had no fever for at least 72 hours (that's 3 days of no fever without the use of medicine that reduces fevers)

AND

- \* other symptoms have improved (for example, when your cough or shortness of breath have improved)

AND

- \* At least 7 days have passed since your symptoms first appeared.

Use over-the-counter medication to treat mild symptoms.

There is currently no specific treatment for COVID-19.

**The 911 system is not intended for minor injuries or general medical questions. DPH says those seeking general advice or wishing to be tested for COVID-19 should not call 911.**

The Massachusetts Department of Public Health (DPH) announced that Massachusetts 2-1-1., a 24-hour telephone hotline, will now provide real-time COVID-19 information, resources, and referrals in multiple languages. <https://mass211.org/> and [www.Buoy.com/mass](http://www.Buoy.com/mass) for residents to check their symptoms and connect with the next appropriate health care resource

## **MARSHFIELD BOARD OF HEALTH**

Tyler Nims, Chairman, Board of Health  
Mark MacDonald, Vice-Chairman, Board of Health  
Paul Armstrong, Member, Board of Health  
Robert Valery, Director of Public Health

**The BOH has ensured that Local Supermarkets** are following the directive to limit the number of people in each facility at one time. **Now it is time to do your part.** Plan your trip and try to shop alone. **Shopping is not a social event** and should only be done when it is time to get a proper supply of foods and essential items (resist the one item temptations, the Twinkies' can wait). The **workers** in these establishments are **essential personnel** and deserve our respect for their service. Please observe the social distancing of 6' from other shoppers and staff while they perform the tasks that provide us with the foods we need. Follow the arrows guiding traffic patterns as you go through the store. When standing in line outside the building social distances also applies.

**Personal protective equipment, or PPE:** protects its user against any physical harm or hazards that the environment may present **ONLY WHEN USED CORRECTLY!** People often get a false sense of security when using and forget.

- There is no substitute for proper hand washing/sanitizing and be mindful to do so before and after use.
- Understand how to use and remove the PPE. (improper use can do more harm than good)
- Please properly dispose of the PPE after use.

**Buoy Health's new online resource:** for residents to check their symptoms and connect with the next appropriate health care resource. This tool does not replace emergency medical care, but it may be used as a support for residents during the COVID-19 outbreak to connect them with appropriate health care resources if they display coronavirus symptoms. Buoy Health's online 24/7 tool is free for Massachusetts residents and uses current COVID-19 guidance from the CDC and DPH. As always, your first choice is to contact your own health care provider. Buoy's online tool is not to be used in place of emergency medical care. If this is an emergency, call 911 or visit the nearest emergency room.

**[www.Buoy.com/mass](http://www.Buoy.com/mass)**

The Massachusetts Department of Public Health (DPH) announced that Massachusetts 2-1-1., a 24-hour telephone hotline, will now provide real-time COVID-19 information, resources, and referrals in multiple languages. **<https://mass211.org/>**

### **General Information:**

Please remember to wear personal protective gear when out in the public. When you are through with the protective gear, please remember to properly dispose of them.

One final thought or suggestion! You might want to call and check on an elderly neighbor or family member to make sure they are okay. We know these are very difficult times, but remember to cherish each moment spent with loved ones.

Very truly yours,  
Michael A. Maresco  
Town Administrator

**P.S. The pinnacle of the steeple on the top of Town Hall will be lit in red to recognize and thank our first responders.**
